Phone Loser Monthly

The happiest newsletter in Roy, New Mexico!

www.phonelosers.org

Happy VD!

THIS MONTH'S COOL PEOPLE:

Here is a list of this month's contributors. I'm only listing the ones who actually get stuff in the mail because there's not enough space for much more. Many thanks to everyone who has supported PLA this month and in the past. And many apologies to anyone I stupidly left out of this list. Remember and fear these names.

Ben Kilburn, Rhapsodyman2000, Yashar Li, MrFraser, Todd Little, Rick Bollinger, Rand al'Thor, Buster Casey, Darnell, Neonlikebjork, Casey Smith, Shane Thompson, Andrew Christiansen, Jason Bedford, Bryan Wolf, David Cilluffo, Nation Marshall, Default Cecil, Ryan Brown, Devon Gladden, Joe Gregg, Isopropyl Ion, Desi Turrietta, Matt, Brendan F, Elky, Lee W, Rumble, Ed Clarke, Thomas B, Nick J, John Q, Akspa, Liz, Nathan T, Sara O, Stephen Petty, Jacob Fatz, Joel C, Brian Z, Eric R, Lucas A, Justin M, Joshua, Snrub, Dan S, Frostmine, Josh, Kuraz, Rob T Firefly, Galen B, Alex, Robert P, Merch V, Clownsec, Andrew, Andre M, Kevin S, Arch Angel, Ken E, James, Chris C, Kristofer H, Imawalrus, Jared B, Jake C, Seth Jolitz, Jim C, Luke P, CocoFresh, Fuchs M, Stalin_Without_The_Charm, Adam H, Ashley J, Kevin Borosky, Jenn F, Carla D, Notdan, Kcrimlen, Dickcheney, Christopher, Sebastian B, Scott, Ethan K, Jelle, Joshua, John McCabe, Bill B, Kuraz, Lars H, Bolt McAction, Lawrence F, Cody G, Chris K, Brian C, Tombstone, Raymond P, Simon D, Meddle, Shawn F, Chris K, Karol M, Gizmo, Tony S, Katherine B, Olga P.

I hope you enjoy your VD card and stickers! Since the last mailing, PLA has hit yet another Patrean milestone—the vinyl record. Because who doesn't like vinyl records in 2015? It's still undecided on whether this will be a full length vinyl record, or a single. I'm hoping for the full length, but there are still a few things to figure out before the decision is made. Either one will be kind of awesome, though.

Maybe I'll just find a pile of old records from a thrift store and slap fake PLA labels on them and try to pass them off as real. I mean really, who is going to even have a record player to play these on? My plan is foolproof and none of you will ever know.

I know this month's package full of stickers is kind of boring (thanks for the Snow Plow Show

design, Derreck Leenders!, but for the next care package I have something awesome planned for all of you. I'm nearly done with the designing and I think it may be even cooler than the PLA ID cards from a few months ago. So be looking forward to that! There, that's my attempt to get you all to not cancel your contributions for a couple more months.

 Luv.
Brad

NEW PLA MEDIA PACK!

Just in time for the year to be over, I managed to release the 2014 pack of PLA Media. If you'd like a giant directory filled with every Snow Plow Show, every Phone Show, every PLA Radio, all the songs, all the pranks, all the videos, and tons more, visit www.phonelosers.org/torrent and download the 2014 media pack.

Also on that page is a brand new prank call torrent, which includes 58 gigs of prank call media by every prank call artist ever in existence. Well, okay, maybe not *all* of them, but still a pretty huge collection of your favorite prank call artists from the past 30 years or so, including most of the show archives from Prank Call Nation. Clear out your porn directory to make room for pranks.

PLA CAKES

Here are the best PLA cakes from the past few months. First we have Heisenberg's restraining order cake, then a cake that was left on a car by Jim C. Next is Katie B's daughter's birthday cake, and then a tell your kids to shut the fuck up cake by Lee. Finally we have Patrick S' corporate memo cookie cake, and then Yokel's 12 o'clock in the fucking midnight cake. Thanks for making PLA cakes, everyone!
